

The Shinglebilly Rapid Trailer Unloader Thingy

Loop your Strap or Knot Your Rope at the Front

Place a Strap or Stout Rope Under Your Tarp and Load

We can get you unloaded and out quick as a wink and with very little effort if you load your rig using our tried and true unloader.

Put a Tarp On Top of Your Rope/Strap but Under Your Load – Even if You Don't Use a Rope or Strap We'll use it to pull the Load Off Quickly

Fasten Both Ends of the Strap Firmly to the Back of Your Trailer or Pickup Bed -You can loop the rope around your bumper or tailgate, for example.
